

I Will Use My Voice

A VOTING PLEDGE

 **I PLEDGE** to ask five people to check to ensure they're registered to vote at their current address...

BECAUSE 60% of American adults report they've never been asked to register to vote, and some states regularly purge voters from their rolls.

 **I PLEDGE** to find out where local candidates stand on at least one issue I care about, and I will talk to friends or family members about why the issue is important...

BECAUSE local elections affect issues important to my family, like funding for schools, trash pickup and who gets prosecuted for crimes.

 **I PLEDGE** to learn where my state's candidates for the U.S. House and Senate stand on issues I care about and talk to five friends or family members about how their votes will affect me...

BECAUSE members of Congress shape our nation's future and pass laws on topics like immigration, civil rights, health care and climate change.

Because the decisions elected officials make affect us all,
I will use my voice.

Signed, _____
