

**Postcards from the Past** It's important for students learning about civil rights history to put themselves in the shoes of those who were there. Have them commemorate their own civil rights road trip by writing postcards from the past. This activity helps students imagine being in another place and time. They must write messages from important moments on the path to equality. For the full lesson and tips, visit [tolerance.org/roadtrip](http://tolerance.org/roadtrip).
